Dear Parents,

Thank you for your support and cooperation in the smooth implementation of our new School App in which Fee payment was started in the last quarter of the Session 2023-24. From the Session 2024-25, you are requested to pay your ward's fee from the School App only.

Benefits of Fee Payment through School App:

- Simplified payment process.
- Provides greater transparency and ensures secure transactions.
- Payment at the comfort of your home: no physical visits required to school.
- You will receive immediate confirmation.
- Electronic receipts for all transactions can be downloaded.

We kindly urge all parents/guardians to adhere to this new payment method for the timely payment of school fees. Kindly click “**FEE**” tab to proceed for the payment.

Our administrative team is also available to provide assistance and address your queries.

Note: From now onwards no FEE booklet will be provided by the school as you can see all the dues on the School App itself.

Thanks Regards

Shikha Sharma
